Education for Sustainable Development

★

About Central University of Rajasthan

The Central University of Rajasthan was established under the act of Parliament (Act No. 25 of 2009, The Gazette of India, No. 27, published on 20th March, 2009). Keeping in mind the views given by the stake holders and the eminent experts of different fields, the university has adopted the theme of "Sustainable Development". The Central University of Rajasthan aspires to be one of India's most dynamic and vibrant universities, responsive to the changing global trends, providing unparalleled educational opportunities for the learner community especially for those coming from the lower socio-economic strata of society seeking quality education. All the programmes are designed in such a manner that it leads to the implementation of the theme which is "EDUCATION FOR SUSTAINABLE DEVELOPMENT" as sustainable development strategies give nation around the world the ability to achieve positive economic and social development without excess environmental degradation, in a way that protects the rights and opportunities of coming generations." All the courses across disciplines are structured with special emphasis on thrust areas like Green Chemistry, Sustainable Architecture, Desert studies, Environ Economics, Community Development, Artificial Intelligence etc.

About Cryptology Research Society of India (CRSI)

Cryptology Research Society of India (CRSI) is a scientific assembly consisting of academics, researchers, specialists, students and institutions interested in promoting the science and technology of Cryptology, Data Security and allied disciplines in India. The mission of the Society is to

- Support and promote research activities in cryptology and security in India.
- Arrange academic events, namely lectures, discussions, workshops, seminars, and conferences, for motivating and guiding the young Indian researchers in the field of cryptology and security.

- Organizing annual events like INDOCRYPT, the international conference on cryptology and security in India, and the National Workshop on Cryptology.

Objective of the Workshop

The course will run from April 6-8, 2016 from 9.00 AM to 6.00 PM daily. The objective of the Workshop will be to provide basic understanding of Cryptology, Network Security, Information Security and other related areas and their applications.

Resource Persons

- Prof. Bimal Kumar Roy, ISI Kolkata.
- Dr. Somitr Kumar Sanadhya, IIIT Delhi.
- Prof. Goutam Paul, RC Bose Centre, ISI Kolkata.
- Dr. Saurav Sen Gupta, RC Bose Centre, ISI Kolkata.
- Prof. Subba Rao Y V, University of Hyderabad.
- Dr Vishal Saraswat, CRRao AIMSCS, Hyderabad
- Dr Deepak Kumar Dalai NISER, Bhubaneswar

Registration

Interested candidates are requested to send an email indicating the Name, affiliation, phone and email address to coordinator.ml@curaj.ac.in by March 20, 2016.
